

Ye-eun Cho

Department of English Language and Literature
Sungkyunkwan University
Seoul, South Korea

Email: joyenn@skku.edu | **Website:** joyennn.github.io | **Linkedin:** linkedin.com/in/joyenn

Education

- | | |
|-------------------|--|
| 2022.02 – present | Ph.D. candidate in English Linguistics
Sungkyunkwan University <ul style="list-style-type: none">• Research interests: Pragmatics, Computational Linguistics• Advisor: <i>Hanjung Lee</i> |
| 2019.09 – 2022.02 | M.A. in Translation Studies
Sungkyunkwan University |
| 2009.03 – 2015.02 | B.S. in Hotel management
Sejong University |

Professional experience

- | | |
|-------------------|--|
| 2024.03 – present | Research Assistant
Language and Cognition Lab, Sungkyunkwan University, Seoul, South Korea |
| 2023.02 – 2024.12 | AI Language Specialist
LKbase, Seoul, South Korea
(Collaboration with SK Telecom NLU team) |
| 2022.02 – 2023.01 | BK21 Researcher
Dept of English language and literature, Sungkyunkwan University, Seoul, South Korea |

Peer-reviewed conference proceedings

- Cho, Y. E.** (2026). Continuous Interpretive Steering for Scalar Diversity. To appear in *Proceedings of ACL 2026 Main*.
<https://arxiv.org/abs/2604.07006>
- Cho, Y. E.** (2026). Evaluating Pragmatic Reasoning in Large Language Models: Evidence from Scalar Diversity. To appear in *Proceedings of ACL 2026 CODI-CRAC Workshop*. <https://arxiv.org/abs/2605.09042>
- Cho, Y. E., & Maeng, Y.** (2025). Can Vision-Language Models Infer Speaker's Ignorance? The Role of Visual and Linguistic Cues. In *Proceedings of EMNLP 2025 UncertainLP Workshop*.

- Cho, Y. E. (2023). Grammatical illusions in BERT: Attraction effects of subject-verb agreement and reflexive-antecedent dependencies. *Linguistic Research*. 40(2), 317-352. <https://doi.org/10.17250/khisli.40.2.202306.007>

Conference presentations

- 2025 Do large language models possess pragmatic competence? A methodological approach. *The 50th Anniversary International Conference of The Linguistic Society of Korea*, Seoul National University, Seoul, South Korea. October 31-November 1, 2025.
- A typology of L2 learners' feedback requests and ChatGPT's corrective feedback in L2 writing. 2025 *KAFLE-KAMALL Joint International Conference*, Myongji University, Seoul, South Korea. September 27, 2025
- The effects of using ChatGPT on complexity, accuracy, and fluency in second language writing. *AAAL 2025*, Denver, Colorado, United States. March 22-25, 2025.
- 2024 Pragmatic inference of scalar implicature by LLMs. *The 2024 Linguistic Society of Korea Winter Conference*, Sungkyunkwan University, Seoul, South Korea. November 23, 2024.
- Prompting strategies of Generative AI for Korean pragmatic inference. *The 2024 Seoul International Conference on Linguistics (SICOL-2024)*, Kyunghee University, Seoul, South Korea. August 8-9, 2024.

Academic service

- Peer reviewer, *NeurIPS* (2026)
- Program Committee Member, *UncertainNLP Workshop* (2025 – 2026)

Grants & Funding

- Research Assistant (RA) stipend, NRF (2025.06 – present)
- Research Assistant (RA) stipend, NRF (2024.01 – 2025.05)
- The Brain Korea 21 (BK21) research grant (2022.03 – 2023.01)
- Teaching Assistant (TA) stipend, SKKU (2022.03 – 2022.12)

Awards & Scholarships

- Hyundai Pony Chung Humanities Scholarship (2026.04)
- SKKU Research Matters Plus 2024 — Third place award (2025.02)

- SKKU Simsan scholarship (2023.11)
- SKKU Graduate Merit scholarship (2020.04)

Skills

Python, R, Linux, Git, LaTeX, JavaScript (PCIBex)

Languages

Korean (Native), English (Fluent), Japanese (Conversational)
